Gifted and Talented Trip Policy

Each student who is eligible and has been qualified on the October OSDE Gifted and Talented report each school year is eligible to attend any trip(s) that are provided or scheduled for Gifted students. Student must meet all school eligibility requirements and be in good standing academically, in attendance and discipline to be eligible.

Trips are scheduled to provide additional learning opportunities throughout the school year and all GT students are expected to participate as part of their GT program.

Seniors may be afforded an out of state, overnight trip at the discretion of the board, annually. To be eligible, the total amount of funds the district receives per student may be allocated to each student to pay a portion of the student’s trip expense if a trip is approved. Students are responsible for all remaining expenses associated with such a trip.

The Parent Gifted and Talented Committee will annually make recommendations for a trip and policy revisions to the Gore Board of Education. The board must approve any trip and any fundraising activities before fundraising can be sponsored by Gore Schools.

The following requirements are for Senior GT trip only:

1. Each Sr. student will have an account established by the GT coordinator for the trip.
2. Each student will be responsible for working a minimum of five (5) hours in fundraising events that require in person work to be eligible.
3. Students will receive a credit at $20.00 dollars per each hour of service toward earning their trip.
4. Students who sell items will receive a credit of the amount equal to the net profit of their individual sales.
5. Students will be responsible for the remaining balance of funds for the trip.
6. Students and parents will be required to sign an agreement with the district. This agreement will be made before any district funds will be expended for an individual student’s expenses such as booking flights, tickets, and reservations.
   The agreement shall state that once the commitment to attend the trip is made, the student and the student’s parents are responsible for payment in full of any district funds expended on the student’s behalf if they do not attend the trip or lose eligibility to attend after funds have been expended. This includes any disciplinary action by the district.
7. Parents who wish to “chaperone” the trip shall be responsible for their individual expenses. A GPS Chaperone Application must be completed by each chaperone and approved before consideration to attend
